9 September 2020

Dear Patient

Coronavirus is still circulating in our local area and local restrictions are still in place in Manchester. If you have a fever, continuous cough or lose your sense of taste or smell you must stay at home for 10 days and arrange a test straight away and everyone in your household must stay at home for 14 days.

To book a test visit [www.nhs.uk/coronavirus](http://www.nhs.uk/coronavirus) or call 119. We are aware there is a problem with the national NHS Test Trace website, which the national team are currently working on. If you have tried to book a swab test and can't get through please do try again later. In the meantime, if you have Coronavirus symptoms, please stay at home.

If you have concerns about your symptoms or other health conditions please complete an online form on our website and one of the clinical team will contact you.

Please don't come into the practice or go to A&E. Only call 111 if you need urgent medical attention.

Thank you

Didsbury Medical Centre
